

Join Texas SCEA Today!

We realize that our employees are the primary reason for our success. The **Safeway Companies Employee Association** has been formed to support our Pro-Employee Philosophy. It is a mutual benefit, non-profit, voluntary organization of all Safeway employees across the United States and in Canada.

Together, we foster, maintain, and advance a **spirit of financial assistance toward each other in times of need, fraternity and friendship among our members and the ability to use our large membership to acquire significant discounts** from premier retailers across the country.
