

Golf at the AVI in Laughlin, NV

*Saturday May 15, 2010 was a typically warm and sunny day in the Colorado River resort area of Laughlin. The Mojave Resort Golf Club at AVI was demanding but fair as 62 golfers made their best efforts to score low in the scramble event. The low score was -13 posted by the team of **Ron Reyes, Anthony Reyes, Frank Reyes, and John Morton**. They were in the zone on a course requiring long drives and accurate approach shots. They earned 11 points for the season, placing them close behind the season point leaders. **Scott Doucet** is leading at 29 points as he earned 2 points for the Men's Long Drive and a Second Place Award. The point totals earned through the September outing at **Lost Canyons Golf Club** will be applied to all participants for discounts in fees up to and including free participation for the top points earners. There are currently 10 players within striking distance of the top spot which could make for an exciting finish.*

***Maria Gudger** once again took the Ladies Division Long Drive and Closest to the Pin awards. She has received much acclaim for her "Sweet Swing".*

***Joe Marconi** earned the Closest to the Pin on #17 by getting within 6 feet of the hole.*

*Also in attendance were members of the Phoenix Region of Safeway. We were pleased to have **Raymond Gonzalez, Thomas Hernandez, Pete Tafoya and Jie Gonzalez** on the course with us. We hope to see them again at other events in California.*

*Our next event is in beautiful Carlsbad, CA at **The Crossings**, located near the beach and Legoland on July 31. Bring your best game and continue building those points for the **October 9 SCEA Golf Challenge in Pismo Beach, CA**. There will be golfers from Phoenix and Norcal as well as Vons competing at this one. Look for the flyers on all the events and register early.*

*We will finish the 2010 Season in Palm Springs in December at the world renowned **Indian Wells Resort**. Don't miss these great golf venues priced at very affordable rates.*
